WAYNE, NEW JERSEY
HEALTH SERVICES**

Date _____

School _____/Grade _____

Dear Parents/Guardians of _____

Date of Birth _____

Revisions of the Immunization Requirements of Students in Schools and Child Care Centers in the State of New Jersey, effective as of September 1, 2008 require every student to submit documentation to the school nurse of having received the mandatory immunizations as listed.

Documentation means a **WRITTEN STATEMENT** from a physician, clinic or an official school transcript which lists the immunizations and the specific dates (month-day-year) each was given.

If the school is unable to translate a foreign immunization record, it is the responsibility of the parent/guardian to provide an English translation of the medical records so that compliance with the New Jersey immunization regulations can be determined by school and child care officials.

The School Administration must comply with New Jersey State Law. There can be no exceptions.

The school nurse has reviewed the health record of your child and the following certificates with dates of mandatory immunizations indicated below must be presented:
